### WICHITA MARKETS

Receipts of Live Stock at the Union Stock Yards during the past 24 hours—185 cattle, 804 calves, 1,487 hogs. Shipments—50 cattle, 138 calves and 830 hogs.

The cattle receipts were fair, but only about 100 head were on sale, and the balance only stopped to feed. There was considerable life in the cattle trade and everything sold that was offered, and at good prices for the quality. Two car loads of fair-hutches steers were sold at \$30. There was a fair supply of rather common cows and heifers in butchers grades. All kinds seemed to sell well. More good choice cows and heifers would have found ready sale. The market closed steady to strong on good cattle. Native stockers in active demand at strong prices. Good cattle in Kansas City closed steady to strong, others steady to weak.

There was a fair run of hogs today and the quality averaged very good. There were some pigs and even heavier but not many rough this hogs. The market was active throughout and opened strong at \$3.30 to \$3.50, and the day's business, generally, was done on this basis. Armour was the strongest buyer today, and succeeded in getting the bulk of the hogs. Everything sold which had arrived up to 6 o'clock, and more hogs would have found an active market.

Kansas City closed steady to weak. This market closed steadily to strong.
